What SC-01 Voters Are Saying

"Insurance is Eating Us Alive"

THE PAIN

Coastal SC families pay \$5,000+/year for coverage while carriers abandon the market. Both parties send billions overseas while we cannot insure the homes we already own.

CLAYTON'S ANSWER

Federal catastrophic backstop, interstate insurance compact, disaster resilience accounts. American money for American homes.

"I Cannot Afford to Live Where I Grew Up"

THE PAIN

Wall Street buys Charleston starter homes in bulk. Teachers, first responders, and multi-generation families get priced out of the communities they built.

CLAYTON'S ANSWER

Ban corporate bulk-buying of homes, zero-interest loans for first-time buyers, eliminate property taxes on primary residences.

"Stop Sending Our Kids Overseas"

THE PAIN

Joint Base Charleston families deploy constantly for wars Congress does not have the courage to declare. Defense contractors profit; working families bury their children.

CLAYTON'S ANSWER

Strong defense, zero offensive wars. Politicians who vote for war register their own children first.

"Both Parties Have Failed Us"

THE PAIN

60% of Americans say neither party represents them. Republicans and Democrats take turns failing the same working families, then blame each other.

CLAYTON'S ANSWER

The American Congress Party is for the Americans neither party speaks for. Real transparency, real accountability.

Where These Savings Come From

WASTE Federal agencies waste hundreds of billions annually on redundant programs, foreign aid that does not serve Americans, and defense contractors who profit from endless wars.	CAPTURE Pharma, insurance, agriculture, and finance have captured the regulatory agencies meant to oversee them. Ending this capture returns trillions to the American people.	RESTRUCTURE Eliminating federal income tax and returning to sound money stops silent inflation taxes that erode savings, letting working families keep what they earn.

These are national savings. Clayton is running for one seat in Congress, but these priorities benefit every American.
